Mr. Morris joined WDG Architecture in 1983 and became a partner in 1989. His experience has encompassed all phases of design, including development of feasibility studies, schematic design, design development, preparation of construction documents, presentation drawings and construction supervision. In addition to his experience in new construction, Mr. Morris has overseen a number of building renovations and historic preservation sites. He has been involved in all of the firm's project types including office, multifamily, and hospitality.
