PROGRAM

140,000-gsf, 5-story, 36-unit condominiums, 5-penthouses with 3,000-sf average and 72-parking spaces.

DESCRIPTION

The Parkview Residences is located within a master planned community at Southlake Town Square in Southlake, Texas. The project is a concrete structure with approximately 140,000 GSF of enclosed building area. The project will be a 5-story building with 36-units, including 5-penthouses with an average of 3,000-sf. The community amenity areas include a public rooftop with pool terrace, four private rooftops for penthouses, outdoor dining areas, a fitness center, and conference and club rooms located on the ground floor.

This project is being developed by Waldemar D. Maya, Partner of Marquis Group & Frank Bliss, President of Cooper & Stebbins and designed by David M. Schwarz, Architects in concert with WDG as the architect of record.
